### Some 20,000 Japs Now 'Sealed Off' In N. Luzon Trap

MANILA, June 23.—(INS)—Ninth Division troops began applying a significant pincer attack aimed at the fabulously rich Seris oilfield of northern Borneo.

One column moved toward Seris from the west where the Key Mine airfield was taken. The other spearheaded pushed southwestward from the Taitung area.

"Meanwhile the New Delhi radio declared that a British carrier task force bomber, enemy airfields and other targets in Sumatra, which lies to the southwest of Borneo's rich oil and rubber territories."

**Jap Planes Lost**

Quoting a special communication from Adm. Louis Mountbatten's headquarters, the allied broadcast said that 19 Japanese planes were destroyed or damaged in the raids in which two airfields were the main objectives. Two oil-carrying ships were set ablaze, and railway facilities bombed and machine-

MANILA, June 23.—Some 20,000 Japs were effectively sealed today in a northern Luzon trap following the surprise American seizure of Aparri, their last escape port.

Gen. Douglas MacArthur announced that elements of Gen. Walter Krueger's Sixth Army, reinforced by Filipino guerrillas, captured the port at the northern end of the main Philippine island in a dramatic night envelopment.

Following the Aparri seizure, the American-Filipino forces fanned out "rapidly" toward the south, pushing up the Cagayan valley to meet the steadily-advancing 37th Infantry Division which drove five miles north of captured Hagan.

In one push from Hagan, Maj. Gen. Robert S. Beighler's 37th Division liberated the town of San Juan and pushed to within 20 miles of Davao, where Filipino guerrillas are holding an "abysmal" record against the Japanese.

The Americans advancing from Aparri were approximately 60 miles from Tuguegarao.

ERIE, Pa., June 23.—(INS)—An Albon woman and her niece were dead today of burns suffered after the woman attempted to encourage a fire in a cook stove by throwing fuel oil on it.

They were Grace Cooley, 39, and Patricia May Cooley, seven.

They were found by neighbors in the morning.

GENERAL MARSHALL'S HEADQUARTERS, June 23.—(INS)—The slaughter of tens of thousands of their own wounded was charged in the growing list of atrocity charges leveled against the Japanese army today by Gen. MacArthur's headquarters.

On the basis of a most comprehensive study of Japanese documents vividly supported by shocking photographs taken in one Luzon hospital where more than 100 Nips perished by forced suicide or direct murder, headquarters declared it was proved irrefragably that the Jap fanatical Bushido code included their own troops as well as any accidental captive.

An official spokesman disclosed that it had long been known that the Japs were murdering their own wounded rather than let them be taken prisoner, or impede progress of military operations; but this latest proof of enemy barbarism was not made public until supporting photographs were available.

**PA NEWC Observes**

Early indications were that the weather collection today would reveal an unusually large amount of rain, sections of the city paper already on the curb at an early hour this morning.

With a few more days like those of yesterday and today, the feared rush to the bathing pool of the area will be under way. Weather conditions so far this season haven't been conducive to any such rush.

There are still a lot of folks who do not believe in signs. In a downtown alley, three autos were noted parked within a few feet of a sign reading "No Parking Here At Any Time. Police Order."

Western Pennsylvania residents today expressed their "humbly" after safely weathering June 22's "torpedo" rain. The forecast area, between 160 and 200 inches, caused damage estimated in the millions. The torpedo rained the length of the Monongahela valley to the West Virginia border, touching western Maryland, Shickston, W. Va., reported the greatest number of casualties.

"Stamp collectors today" are said to be a "special" first night" aimed at a general "first night" aimed at the inauguration of two-way air service between Pittsburgh and New York, according to Pittsburgh's postmaster, Stephen A. Bodkin.

Although the season has proven a backward one so far, and gardeners have been musing about poor weather, weather Charles J. Sheib of 1465 Delaware avenue, local real estate comes forth with the first tomato of the season which will be kept proudly on display until Monday in the garden at his home.

**Five-Alarm Fire Guts Interior Of Lulu Temple; Seven Firemen Hurt**

PHILADELPHIA, June 23.—(INS)—Damage was estimated at more than \$300,000 today following a five-alarm fire which gutted the interior of Lulu Temple in Philadelphia and caused injuries to seven firemen.

The flames raged for more than two hours in the 42-car-old structure and threatened to spread to two school and a library nearby.

At the height of the blaze, the huge copper cone atop the Shriners' building and four smaller minarets plunged into the interior. A few seconds later another section of the roof caved in, trapping three firemen. They were rescued by fellow workers.

William P. Kuezel, supreme pontentate of the temple, said the fire was caused by a short circuit in a switch box in the third floor auditorium.

More than 50 pieces of fire apparatus were summoned while scores of policemen held back crowds and re-routed traffic at the peak of the evening rush hour.

The injured man was Thomas E. Buck of Philadelphia, Jones' co-worker. The two-story plane was owned by Buck, who was thrown clear of the crash. Jones, however, was at the controls.

**One Man Killed; Another Injured In Plane Crackup**

**WILMINGTON, Del., June 23.—(INS)—**One man was killed today and another was seriously injured when their plane crashed and burst in a take-off from DuPont airport at Wilmington.

Arthur Jones, of Hollis, L. I., member of the Life magazine staff, was identified as the dead man. He was trapped in the plane and could not be extricated until the flames were extinguished.

The injured man was Thomas E. Buck of Philadelphia, Jones' co-worker. The two-story plane was owned by Buck, who was thrown clear of the crash. Jones, however, was at the controls.

**Poland May Be Given Place In Nations' Parley**

**SAN FRANCISCO, June 23.—(INS)—**The possibility of giving Poland 10th-hour representation at the United Nations conference was being considered officially today following the Moscow announcement of "complete agreement" on reorganization of the provisional Polish government.

Admittedly, American sources considered the possibility "slim" that a recognized Polish delegation actually would reach San Francisco in time to join in the signing of the security charter before the conference adjourns Tuesday.

### Formosa Is Only Practice Ground For U.S. Bombers

**Force Chief Reports Once Vaunted Island Stronghold Virtually Useless**

**BULLETIN**

WITH THE FAR EAST AIR FORCE, Philippines, June 23.—(INS)—Japan's vaunted island stronghold of Formosa, vast staging grounds for the enemy's southern expeditionary forces in the early days of the war, is regarded tonight by Far East Air Force leaders as a maintenance and training area for new U.S. combat crews.

Gen. George C. Kenney, air force chief, triumphantly announced that "We have reduced the military effectiveness to a point where we now consider it only a convenient place to train inexperienced crews and to practice new bombardment and fighter techniques which we will employ against Japan proper."

Gen. Douglas MacArthur's veteran air commander said the once formidable island base no longer offers lucrative targets for American airmen. He disclosed that the Japanese

## Gen. Eisenhower Leaving Abilene For Washington

Home Town Stay Is Short; Plans Brief Secret Vacation Before Return To Europe

By INEZ ROBB  
(U.S. Staff Correspondent)  
ABILENE, Kans., June 23.—INS.—The Eisenhower family had a chance to catch its breath today, and so did his hometown.

After a tumultuous reception that Abilene showed upon its boy general, both were in need of rest.

But there is no rest for the general at the moment. He is to be brief visit to his hometown. Sometime this afternoon, General Ike, his wife, Mrs. Mamie, and their children, will leave in the general's special train for Kansas City.

Back To Washington  
From Kansas City, where the general received a tremendous reception on Thursday, he will hurry back to Washington, D. C., where he has an early appointment with Secretary of War Stimson.

Ike, who usually travels by air, will make the entire journey to Washington in order to be with Mrs. Ike, who does not like to fly.

Not until he has seen Secretary Stimson and wound up a few business details in Washington, D. C., will Ike be granted a coveted rest before returning to Europe early in July.

Where he and his Mamie are going on that vacation is a closely guarded secret. Since the general's arrival home last Monday, he has been on continuous parade until he and Mrs. Ike have scarcely seen each other saving in passing. But that is a situation which the general proposes to remedy once official business is concluded.

seven miles south of Luichow, and Szechuan south of the former American air base city. U. S. planes supported the ground operations. Troops operating north of the Kweichow-Kwangsi railroad pushed to the suburbs of Luichow, north of Luichow.

On the Kweichow-Kwangsi railroad Chinese forces reached outskirts of Luichow after pushing back an enemy thrust from the north. From Luichow, Chinese forces moved toward Luichow, north of Luichow.

In southern Honan fighting raged along the entire line of a Japanese drive north of Hsichuan and west of Szechuan.

## POLISH LEADERS REACH AGREEMENT

made under the terms of the Polish constitution of 1921. The document was abandoned by the Poles in 1935 despite the protests of large blocs of Polish political groups.

The personnel of the new government is expected to be announced as soon as the representatives of the three Polish groups reach Warsaw.

Official recognition by the Big Three is expected as soon as the new government of National Unity is formally organized and pledges for free election, in accord with the terms of the Yalta conference, are made.

Recognition by the United States and Britain is expected to be contingent with the withdrawal of recognition of the Polish government in exile in London which is headed by Premier Tomaz Arciszewski.

The three groups represented at the conference were officials of the Soviet-sponsored Lublin government, members of Democratic groups from within Poland and three representatives from Poles abroad.

## E BOND SALES IN LAWRENCE CO. ON HOME STRETCH

(Continued From Page One)

\$642,064 to be sold. This sale is held in the second and July 7 makes the first of the E bond sales. If you have purchased bonds, get some more if you haven't. Purchase any size and pay some cash in a few days. Or better yet, pay in full or two and three months.

In the over all sale to individuals the score is much better. Out of a quota of \$3,680,000, the county has taken up \$3,233,632 which means something over \$400,000 to make that quota.

Bonds purchased now take a ticket of admission to "Here's Your Life" show at Taggart Stadium on July 4. The same group of bonds experienced a tremendous demand some weeks ago and it is back for a repeat performance and if you didn't see it last time you shouldn't miss it.

It's the home stretch. Time to pick em and lay em down and head for the goal line of \$2,640,000 of E bonds.

## FORMOSA IS ONLY PRACTICE GROUND FOR U. S. BOMBERS

(Continued From Page One)

These operational air strength on all Formosa has dropped from a peak of more than 800 war planes last January to probably less than 50 today, of which many are multi-engine bombers.

Industries Gone  
The island's once-impressive industrial capabilities have been reduced by more than 90 per cent. What remains is virtually useless since we are denying the Nips practically all their air, land and sea communications either in Formosa itself or with other parts of the empire, Kennel said.

The sky general described Formosa as an "unwilling participant" in the Far East Air Forces' orientation program for newly arrived air crews, a point relatively near the enemy's homeland where they become acquainted with the terrain of the western Pacific, as well as the weather, the enemy's anti-aircraft defensive tactics and the type of targets to be found on the home-land proper.

Kennel voiced a pointed warning for Tokyo's benefit, with the assurance that "some very deadly new tactics" have been developed by the U. S. Fifth Air Force. These will be given their "first real and all-out tests" against the enemy homeland itself.

Work is progressing on the construction of the bathing pool in the Neshannock creek, being built as a Major Recreation committee project. The pool is located near the site of the former Rosenia dam at the foot of St. Merer street. Sandbags are being used to form the temporary dam.

Auto traffic and parking downtown took on old time proportions today. Probably a result of the increased gasoline allowance, and the time day combined.

## DEMOCRATS WILL SEEK TO REVERSE FOOD DECISION

(Continued From Page One)

It stopped the Office of Price Administration of all authority of rationing and transferred it to Anderson. It also removed from the Office of Economic Stabilization its authority over food.

The 145-142 vote for the Jenkins amendment was taken while the house was operating as a "committee of the whole" and its decisions are subject later to possible reversal when a roll call is taken.

Rep. Ranspork, D-C, majority whip, expressed confidence that the house would reverse itself and eliminate the Jenkins amendment, but his author expressed himself as equally confident that it would remain in the bill.

Opposition of No Avail  
Anderson took the floor to oppose the amendment but without avail. His statement by President Truman that he was thinking of centralizing authority over food in Anderson's hands was cited by several Democrats who voted for the Jenkins amendment.

Before the administration's lines broke on the Jenkins amendment, the house voted tentatively to extend the price control and stabilization acts for another year, to June 30, 1946, and beat down a proposed six-month extension and other amendments.

## PRESIDENT TRUMAN RESTS AT OLYMPIA

(Continued From Page One)

The President will present the United Nations charter to the Senate for ratification on Monday of the week of his return to the nation's capital. He will take it with him to Washington after witnessing its signing Tuesday at the final session of the security council.

Whether the President will appear before Congress in person to deliver the charter or whether he will send it up with a message has not been decided.

Hopes for Early Action  
He indicated earlier, however, that he hopes the Senate will take action on the charter before the Congress recesses early next month for the summer, in order that he can have this backing when he meets Prime Minister Churchill and Marshal Stalin near Berlin in "Big Three" conference that will decide the shape of future world peace.

George Allen, former District of Columbia commissioner, said arrangements have not been made for the President's arrival at Hamilton Field, Cal., around 2:30 p. m. Monday. The President had planned to arrive there around 10 p. m. in order to stop over at Portland Ore. between 11 a. m. and one p. m. en route to San Francisco. The new time arrangement will probably mean that the President will make his stop at Portland earlier in the day.

Yesterday, the President had an all-day outing in Mount Rainier National Park.

## PREPARING FOR TRIALS OF NAZI WAR CRIMINALS

(Continued From Page One)

Ben J. Wills, Bill Donovan, head of the Office of Strategic Services, said: "I don't know when the trials will start. Amen told International News Service when interviewed in his newly opened headquarters that it is out of my province to know. That is out of my province to know how the United States, Great Britain, Russia and France are able to coordinate the procedure under which the international military tribunal will operate."

Amen said the immediate problem as far as he and his staff are concerned is to get into shape for the trial the vast amount of data and information concerning the cases, including the various Nazi leaders.

## RESIDENT'S COUSIN CLAIMED BY DEATH

Brown Henley of Edenburg, R. D. 1, received the news that his cousin, Miss Elizabeth Henley of Melbourne, Australia, died recently in her home.

She leaves many friends and relatives here. Her parents were Mr. and Mrs. James Henley of Australia. She also leaves two sisters, Maria and Emma of Australia.

## PERMIT FOR GARAGE

City bureau of building City Hall has granted a permit for a new garage to Joseph Bloch, to be built at 529 Taylor street. It will be a concrete block affair and cost according to his estimate, \$3,000.

Workmen have put the crossing into excellent condition and you can drive across now without leaving your differential in doubt to drop out. The track crew and the engineer who did the job are to be congratulated.

The State Defense Council asked Pennsylvania housewives today to accelerate their can salvage for use in the war effort. "Tin is such a critical war material today that it is asking every housewife to become a 'Kitchen Tin Miner,'" said Salvage Chairman Warren R. Roberts. He reported that one tin can less per person was being saved each month during 1945 compared with last year.

## To Seek Discharge Of Fathers With Large Families

WASHINGTON, June 23.—INS.—Rep. Albert J. Engel, R-Mich., declared today he will attempt to amend the 38 billion dollar War Relocation Authority bill to force the Army to release fathers of four or more children.

## County To Receive \$28,466 State Tax

G. Harold Wagner, auditor general of Pennsylvania, has approved the payment of \$28,466 to Lancaster county. The sum represents the county's share of gasoline tax collected by the commonwealth in the six-month period ending June 1.

Payments for the period ended have already been approved for 64 counties by the auditor general. They will share \$2,293,397.26.

the sinking of at least one American warship, whose type was not revealed. Previously, American headquarters revealed that five more U. S. Pacific fleet vessels were sunk or damaged by the enemy raiders off Okinawa.

The three American ships already have been sunk two of them in the last 24 hours as a result of enemy suicide sky attacks.

Three other vessels, including an important auxiliary unit of the Pacific fleet, were damaged, bringing to 57 overall number of vessels which Fleet Admiral Nimitz has admitted as having been destroyed by enemy forces.

Ground Fighting Windles  
While ground fighting continued into a matter of rubbing-out the few die-hard spots of Japanese resistance, semi-official observers looked with keen expectancy on the 12-hour-long air attack, which Nimitz' communique revealed took place Thursday and Friday.

Even though U. S. airfields are being installed as rapidly as possible, there were few air headquarters who would bet that the enemy could not probably still continue sending the sky-liners as long as they are in the air.

These enemy air attacks against the fleet in Okinawa waters were continuing as claimed today in Tokyo dispatches, which had no immediate confirmation in American circles. According to Tokyo sources, another raid by Japanese fighters and dive bombers was staged Friday night and resulted in sinking one warship of unidentified category.

These Japanese counter-thrusts came as the U. S. Tenth Army continued mopping up two tiny pockets of Japs still holding out in the southern shores of Okinawa, where already some 95,000 of the enemy were slain or captured in the battle for the island 325 miles southwest of Japan.

In the one small pocket in the Arakuchi-Makabe-Makabe area, at the central portion of the island's southern tip, small groups of die-hard Japs were defending strong points with rifle fire and five machine guns.

According to MacArthur's communique, units of the Aussie division—labeled as the "Rats of Tobruk"—were actively patrolling the Lutong and Brunel Bay areas.

American and Australian bombers continued what MacArthur termed the "steady attrition of enemy personnel and supplies" in northern Borneo.

## St. John's Has Jubilee Homecoming Program

Rev. Charles O. Thompson, Of New York City, Speaker Friday Evening

Another record crowd attended Homecoming at St. John's Lutheran church on Friday evening, one of a series of Golden Jubilee programs of the church which will culminate in Jubilee Day services at the church on Sunday commemorating the 50th anniversary of the founding of the church.

C. W. Herman, who presided over the program at which the speaker was a son of the congregation, Rev. Charles O. Thompson, superintendent of the Inner Mission society, New York N. Y.

Rev. Thompson's message on the theme "Looking Backward, Forward" was one of reminiscence of his childhood days in St. John's church, and a reminder of the spreading of the sphere of influence of the church through missionaries and prediction of a period of expansion for St. John's church during the next 25 years. He also told of the work of the Inner Mission society in three fields: summer camps, family welfare and the institutional department.

Letters were read from two other sons of the congregation now in the ministry, Rev. D. Edward Weigh, navy chaplain and Rev. Arthur C. P. Hays, professor at Northwestern Lutheran Seminary, Minneapolis.

Soloist was Mrs. Ben Anderson. During a social period downstairs following the program, group singing was a feature of entertainment and refreshments were delivered from a number of out-of-town guests.

Refreshments were served by the Simon Bible class.

## Paul A. Gemperle Killed In Action

Sgt. Paul A. Gemperle Dies From Wounds Received May 14 On Okinawa

Word has been received by Mr. and Mrs. Albert R. Gemperle of R. D. 4 of the death of their son, Sgt. Paul A. Gemperle, age 27, who was serving with the 96th Division on Okinawa.

According to a letter from the War Department, he died on May 17 as a result of wounds received on May 14.

Sgt. Gemperle entered service with the infantry in October, 42, and was sent overseas in July, 44. He was participating in the Iwo Jima campaign. He was a graduate of St. Thomas Military Academy, 40 St. Paul, Minn.

Before his death he was awarded six battle stars. He was survived by his parents, Mr. and Mrs. Albert R. Gemperle, and his sister, Mary Esther, Patuxent and Bethesda.

## Rationing Point System Is Blamed In Meat Shortage

NEW YORK, June 23.—INS.—Governor of 14 rationing districts today urged an immediate change in the rationing point system, a result of meat shortage in the meat shortage and combating the black market.

In a report which charged that food stores are 90 per cent empty, the governor blamed the rationing point system, which he said is "a failure of the rationing system."

The executives of meat processors and the Department of Agriculture today urged the federal government to take steps to check the rampant black market in meat throughout the area.

After an all-day session, the governor's statement asserted that the situation is "a critical food shortage."

In today's statement, the governor urged uniform rationing enforcement of food regulations as the only means of achieving an equitable distribution of available food supplies.

## Grant Street Crossing Is Again In Use

Grant Street is open for traffic again, following repairs of the railroad crossing by the Pennsylvania Railroad. The detour sign for Route 422 is removed and normal traffic has been resumed.

In repairing the crossing, the railroad used an excellent job. No blacking, amputing and careful workmanship have produced a crossing which is smooth and even and which motorists can cross without any jarring.

## S-Sgt. H. S. Anton Home From Overseas

S-Sgt. Henry S. Anton, son of Mrs. Sophie Anton, of 116 Charles street, has arrived home for a 30-day furlough after participating in 26 missions against Germany and Germany-held Austria.

S-Sgt. Anton took part in raids over Berlin, Hamburg, Bremen, Cologne, Kassel, Gelnhausen, France and Vichy, Holland. Previous to his service in the European theater of war he served with the 20th Anti-Sm Squadrons in the North Atlantic area and has been in service for a year and a half.

S-Sgt. Anton has been awarded the Air Medal with three clusters, Good Conduct Medal, FTO Ribbon with one battle star, Pearl Harbor Ribbon and Presidential Unit Citation. At the close of his visit he will report to Post Dis. N. J.

A brother, Spelman 2-c Edwin Anton, is stationed with the Coast Guard in Alaska.

We almost suggested that flowers on the dining table increased the appetite, but in these days of rationing that wouldn't be so good. But they do add to the pleasure of the meal. Gleaming china, snowy white linen, good food and friends—now there's a picture that needs just one addition—flowers.

Just a few for a centerpiece livens the entire meal. Just now you are using flowers from your garden and they're lovely. But when you don't need flowers, we will be happy to serve you.

**Gen. Eisenhower Leaving Abilene For Washington**

Home Town Stay Is Short; Plans Brief Secret Vacation Before Return To Europe

By INEZ ROBB  
(U.S. Staff Correspondent)

ABILENE, Kans., June 23.—INS.—The Eisenhower family had a chance to catch its breath today, and so did his hometown.

After a tumultuous reception that Abilene showed upon its boy general, both were in need of rest.

But there is no rest for the general at the moment. He is to be brief visit to his hometown. Sometime this afternoon, General Ike, his wife, Mrs. Mamie, and their children, will leave in the general's special train for Kansas City.

On the Kweichow-Kwangsi railroad Chinese forces reached outskirts of Luichow after pushing back an enemy thrust from the north. From Luichow, Chinese forces moved toward Luichow, north of Luichow.

In southern Honan fighting raged along the entire line of a Japanese drive north of Hsichuan and west of Szechuan.

The personnel of the new government is expected to be announced as soon as the representatives of the three Polish groups reach Warsaw.

Official recognition by the Big Three is expected as soon as the new government of National Unity is formally organized and pledges for free election, in accord with the terms of the Yalta conference, are made.

Recognition by the United States and Britain is expected to be contingent with the withdrawal of recognition of the Polish government in exile in London which is headed by Premier Tomaz Arciszewski.

The three groups represented at the conference were officials of the Soviet-sponsored Lublin government, members of Democratic groups from within Poland and three representatives from Poles abroad.

**E BOND SALES IN LAWRENCE CO. ON HOME STRETCH**

(Continued From Page One)

\$642,064 to be sold. This sale is held in the second and July 7 makes the first of the E bond sales. If you have purchased bonds, get some more if you haven't. Purchase any size and pay some cash in a few days. Or better yet, pay in full or two and three months.

In the over all sale to individuals the score is much better. Out of a quota of \$3,680,000, the county has taken up \$3,233,632 which means something over \$400,000 to make that quota.

Bonds purchased now take a ticket of admission to "Here's Your Life" show at Taggart Stadium on July 4. The same group of bonds experienced a tremendous demand some weeks ago and it is back for a repeat performance and if you didn't see it last time you shouldn't miss it.

It's the home stretch. Time to pick em and lay em down and head for the goal line of \$2,640,000 of E bonds.

### Doctor's Advice

Just a few suggestions to the timid, lonely soul. Make yourself as often where others are. Don't suppose you must talk much in a social group. Just listen attentively. This is the safest and easiest way to win approval, especially with others who like to talk. You don't have to worry then about the mistakes you might make or of the choice of subject. Besides, when you get lost in what others say, your fears and worries about yourself subside. You feel more comfortable then and are more comfortable. You are more attractive.

Learn some social skills in which you can participate with others. Enjoyable. When alone, never allow yourself to dwell on the social mistakes you suppose you made. The dead, lame ones to yourself, some of your successes, however small. Never put yourself in a position where you must talk much in a social group. Just listen attentively. This is the safest and easiest way to win approval, especially with others who like to talk. You don't have to worry then about the mistakes you might make or of the choice of subject. Besides, when you get lost in what others say, your fears and worries about yourself subside. You feel more comfortable then and are more comfortable. You are more attractive.

Playmates Needed. Begin when your child begins to toddle to expose him to other children of his age. Spare no reason or effort to sacrifice to this end. Patiently guide him and direct him. He should be made to play with other children. If he seems shy, at first, let him sit on your lap and hold his hand. He will eventually be the one to lead.

No matter how old the child, who does not seek companionship of his own age, learn for ways to get the stage he fits. The child will be the one to lead. If he seems shy, at first, let him sit on your lap and hold his hand. He will eventually be the one to lead.

There is usually a small lump where the hernia is located. It is red, painful and does not go away when the child is lying down. The weak place may be present at birth and the lump may show up for many years.

Some times the rupture causes serious trouble suddenly. Any lump on the belly wall should be examined by a surgeon. Sometimes a truss is worn to keep the rupture in place. A truss is uncomfortable and not very safe.

It is better to have a rupture repaired as soon as possible.

### COIN CLUB TO MEET

New Castle Coin club will have its monthly meeting in the room of the Y. M. C. A. on Monday evening at 7:30 o'clock when displays will be shown and visitors from surrounding clubs are expected. Visitors will be welcome at the meeting. President Tom Davis announces.

## Health Talks

### RUPTURE OR HERNIA

When we speak of rupture, we usually mean a condition in which a small loop of bowel has pushed through a weak place in the wall of the abdomen.

There is usually a small lump where the hernia is located. It is red, painful and does not go away when the child is lying down.

The weak place may be present at birth and the lump may show up for many years.

# House Approves Of Price Control Law Extension For Year

WASHINGTON, June 23.—The house voted Friday to extend the price control law for another year, defeating a proposed six-month extension of the Office of Price Administration.

The administration's victory on the first major test vote came on the third day of deliberation by the house on extension of the nation's price control and stabilization acts until June 30, 1946.

President Truman has asked congress to extend the OPA law without amendments.

Earlier the house debated an amendment which would have limited the life of the Office of Price Administration to the next six months.

Defeat of the amendment was a victory for the administration.

The vote was 377 to 126.

Offered by Rep. Wolcott (R-Mt.), the amendment would have extended the OPA until Dec. 31, 1945, instead of the one-year extension provided in the administration bill.

The world's largest flying boat, the 72-ton Martin Mays is now in regular transatlantic service, speeding men and supplies to far-flung naval bases.

# Imposter Given 100-Day Term

PITTSBURGH, June 22.—(INS)—Glendon L. Crandall, 22, of Pawlucket, R. I., today began a 100-day sentence after pleading guilty to hitch-hiking to Pittsburgh from Missouri in the uniform of an enlisted man in the United States Navy.

Crandall was picked up by members of the navy shore patrol in the Pittsburgh USO canteen. He said he purchased the uniform in St. Louis after being released from a reformatory there.

# Ration Board Member Fired For Urging Lifting Of Rations

HOLYOKE, Mass., June 23.—(INS)—John J. Lynch, retired Holyoke schoolteacher, charged today that he was fired as chairman of the Holyoke rationing board because he had urged that gasoline and fuel oil be taken off ration lists.

Lynch told International News Service that Eldon C. Shoup, OPA regional administrator, asked for his resignation after he urged that gasoline and fuel restrictions should now be applied to the west coast and relaxed in the east.

He also ascribed part of his trouble with OPA to a letter he wrote last July supporting governor Dewey for president.

Shoup, in a stormy session with the rationing board, refused to consider his action, Sen. David I. Walsh (D) filed a protest with Shoup against the Lynch ouster and Sen. Leverett Saltonstall (R) said he was taking the case up with Chester Bowles, OPA national administrator.

# PIANO PUPILS TO PRESENT RECITAL

About 30 music pupils of William Stewart will take part in a recital to be given Thursday evening, June 28, at the Second Baptist church.

Students will be heard in a program of piano selections, and also a vocal and clarinet number.

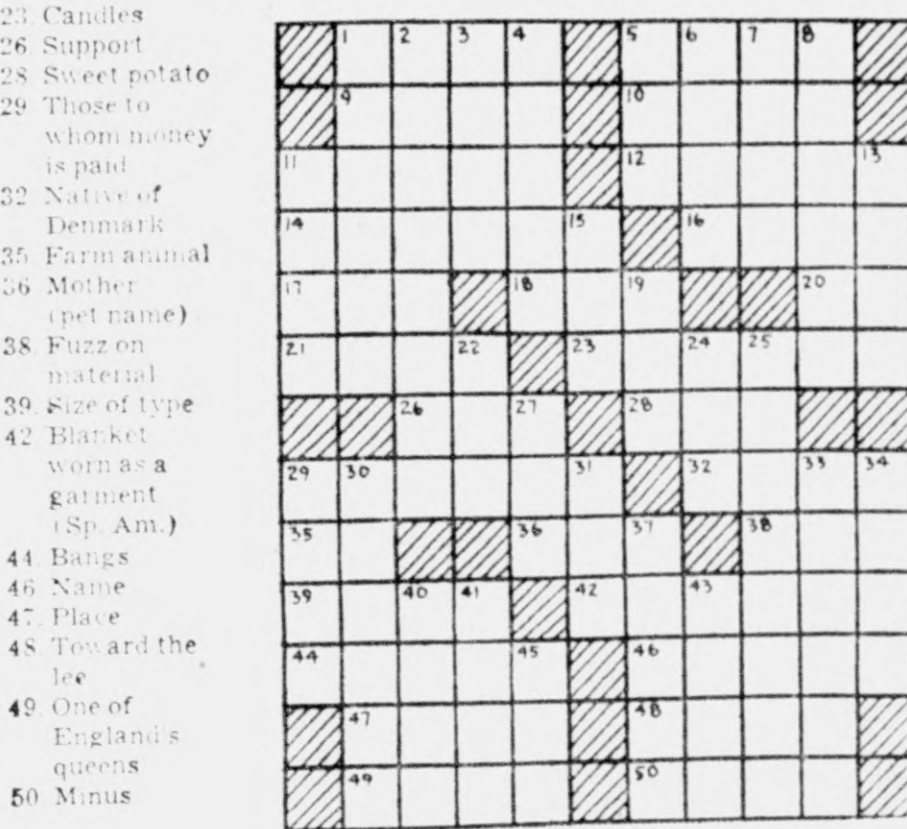

When Handel's oratorio, "The Messiah," was first performed in London, the king and the whole audience rose when the "Hallelujah Chorus" was reached. The custom thus established continues to this day.

## HERE AND THERE IN SPORTS' LAND

WHEN an ex-writer of sports and one who earns his bread (not butter) which is obtainable yet together, who do they talk about? Politics? No! Ration points? No! The war? Certainly, but usually the subject goes into retrospection and pulls from memory names of athletes of yesterday whose athletic lustre has dulled. Furthermore, the writer strolled into the office of the city clerk today. He is C. Ed. Brown, former sports writer and news reporter. He left newspaper business to accept a political berth and all who know him will agree he is the best city clerk the city has had. In fact without fear of contradiction he is a real guide to newcomers. "Whatever happened to Rube Jones?" he inquired yesterday. "You mean Rube the umpire?" he suggested. "Yes." "Oh, he's around. Yelled to him a few days ago in Washington street," he informed C. E. B. He liked to inquire. He was also a good umpire. Brown declared. "They tell me your ex-boss Charlie Mayne was a good one, too." We said "You tell me? You bet your tootin' he was a good one. Charlie umpired league games here and also important games in surrounding towns. Brown stated and said that among some of the games were a few in which Rube Wauden pitched. "How did he get along with the players?" we asked. "Very good. He called me as he saw me and he didn't take any back talk from anybody," Brown asserted.

Tech. Sgt. Vince Kelley, son of Mrs. C. B. Kelley, 19 South Greenwood avenue, now in Italy, is a member of the 12th General Hospital baseball team which is in the Legion League which is composed of 60 teams. Vince formerly played football and basketball with St. Mary's and New Castle high and played baseball with some local teams. He is on duty in one of the largest hospitals in the Peninsula Base section. He is attached to the service of supply for the Fifth Army and Air Corps in the Mediterranean theater.

Lee Savold, a veteran of 10 years in the ring, is planning another comeback. Savold, a tall, compact, The Marshall Mine, heavy weight, who has been discharged from the U. S. Maritime Service, is back in training at Greenwood Lake, N. Y. Savold has beaten several of the duration hopefuls but he also has been knocked by such bellers as Jimmy Blains, Sam Mammello, Tony Masto, Harry Bobo, Billy Conn and Buddy Baer.

## Fair Or Foul

By LAWTON CARVER International News Service Sports Editor

NEW YORK, June 23.—What should be the longest horse race of the year was about to be decided today at Belmont Park.

It was other city except New York was the scene of this event. It would be trimmed with mint juleps, gray-haired old Negroes carrying fried chicken on silver platters, flowers of one kind or another and other odds and ends of colorful trappings. As it is, we accept this one as a 30-cent attraction for citizens who do not know one end of a horse from a sack of oats.

Mite And Half

The Belmont is run at what is known as the classic distance, of a mile and a half. It is an exclusive fixture from which geldings are barred in the interest of breed improvement and it carries a purse of \$30,000 added just like the Kentucky Derby or the Preakness.

However, the Derby is the run for the money and by this time it is generally accepted as the outstanding horse event and one of the great sports events of the nation. The Preakness is called the run for the black-eyed susans and takes second place in the turf world only to the Derby itself.

Those two events are held in the horse country of Kentucky, and Maryland. On Belmont Stakes is just another event adjacent to the sidewalks of New York.

Not Much Of Race

This Belmont coming up today is not much of a horse race. Every body who is the least bit horse minded keeps remembering that the one-two-three horses in the Kentucky Derbs and the Preakness won't even be running here. Hoop Jr., the Derby winner, is out of racing for at least a year with a bowed tendon and Polynesians is out of the Belmont because he was not considered sufficiently worthy to be entered.

Pot O'Luck was second in the Derby and is being kept at Chicago. Hoop Jr., second in the Preakness, as mentioned is lame and Darby Dieppe, third in both races, is a Belmont ineligible.

Our race thus must be a scramble among what is left. And the scramble this time is among three horses that have been extremely unimpressive in everything they have done.

# Controversy Over Wife Of Leopold

Status Of 29 Year Old Wife Of Belgian King Has Bizarre Aspect

By FRANK CONNELL  
N. Y. Staff Correspondent

BRUSSELS, June 23 (INS)—A complex political situation, tinged with fascinating contradictions, but the most bizarre aspect of all, surrounds the status of Leopold's 29-year-old common-law wife, the woman known as "Lola" in the current press.

Addressing the "Glorious" ceremony, a possible confusion of the king's demands that his beautiful bride be crowned queen, his common-law wife, Lola, has been named as queen.

Signed Away Rights

As a matter of fact, however, the queen's position is not so simple. Lola's rights as queen before their marriage and signed away in a document which would not be in line of succession to the throne.

But opponents declared that if Leopold succeeds in regaining power, the queen's position will be as queen of all the Belgians, whether he will or not.

There is only one interpretation, possible of the Belgian constitutional law, said one anti-Leopoldite.

That is that the woman who marries a king automatically becomes queen. There is no provision whatever for marriage by proxy. Leopold's wife, Lola, is not a Belgian, but it is not in his power to change his nationality.

Taking No Part

Dark-haired, charming and strikingly attractive, the former Lillian Paek would be a positive addition to European royal life.

She was the mistress of Leopold's three children by his marriage to the late Queen Astrid. At that time she took vows to the king. Her marriage to Leopold while they were captives of the Germans has been extremely successful, according to friends, despite the shadow it has thrown over Leopold's future.

Oddly enough, Leopold signed a warrant for the arrest of her father.

then governor of West Flanders, when the latter fled his post in 1940 a few days after the Nazis invaded the lowlands.

The father took refuge in southern France from where, his enemies, he conducted a highly profitable lumber business by long distance, in collaboration with the Nazis. This fact of cooperation with the German war machine, his daughter, although she was reportedly not on friendly terms with her parent.

WASHINGTON, June 23 (INS)—Aunt William F. Bull, Halcyon's white horse into Tokyo, will have a saddle that is.

It is a hand-made, silver-mounted western saddle and will be presented to Halcyon by the Reno, Nev., chamber of commerce, the county department said today.

The Reno chamber reading of Halcyon's assertion that he wished to give Hirohito's white horse into Tokyo promised to supply the animal with a saddle big enough to fit him as soon as Washoe county, Nevada, went over its 7th war loan quota.

The county went over the top today and the animal will get his saddle.

# Some Medical Men May Get Discharge

WASHINGTON, June 23 (INS)—Sen. Hugh B. Mitchell (D-Wash.) announced today that the war department has established a special board to pass on the release of medical officers (non-commissioned).

Mitchell said he had been informed of the action by secretary of war Stimson.

The board will pass on discharges on the following basis, Stimson said: "Military necessity with officers qualified and needed by the war; military necessity with officers with the highest scores; other factors being equal, being separated from the service."

Stimson declared that the shift of military hospital cases from Europe to the United States had resulted in a shift of the need for army doctors to the United States.

THE "BRIDE SHIP" brought Mrs. Paul Seymour and her twins, left to right, Sharon and Sylvia, five months old, from Australia to San Francisco, Cal. Mrs. Seymour, Australian wife of an American soldier, will make her home in this country as well as 400 other foreign brides who also arrived aboard the "Bride ship." (International)

# Fifteen-Mile High Ceilings Forecast In Future Flying

Development Of New Flexible Pressurized "Strato-Suit" For Air-men Will Be Aid

AKRON, O., June 23 (INS)—Ceilings approximately 15 miles above the earth's surface were forecast today for aviation by the development of a new flexible pressurized "strato-suit" for airmen.

The experimental stratosphere flying costume has been developed by the B. F. Goodrich company under the guidance of the army air forces. The late Maj. John G. Keady, of the air technical service, was credited with being the officer primarily responsible for its development.

Resembling closely the famous "Man From Mars" outfit, the strato-suit, when fully pressurized, surrounds the flyer with four pounds of pressure, according to C. W. Lequillon, manager of the B. F. Goodrich company's machine development department.

Lequillon explained that the air pressure supplements the actual atmospheric pressure so that when the flyer is at 35,000 feet he has 7 pounds of air pressure instead of the 2 pounds afforded by the atmosphere itself at that height, or about the same natural pressure as he would have at less than half that altitude, or 17,000 feet.

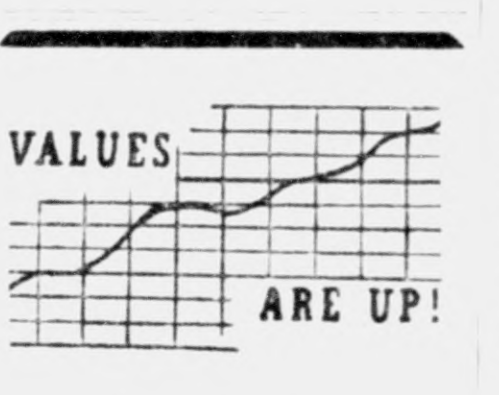

In addition, the suit provides oxygen for breathing, microphone and earphones for communication and electricity for heated underwear. The suit has a plastic "bubble" headpiece and the entire outfit is so constructed that in one quick movement the flyer can be out of it should he find need to bail out of the plane.

# New Assignment For Gen. Geiger

WASHINGTON, June 23 (INS)—Lt. Gen. Roy S. Geiger, veteran of many Pacific amphibious campaigns, Friday was named commander of the fleet marine force in the Pacific.

Gen. A. A. Vandegrift, marine commandant, announced that Gen. Geiger will succeed Lt. Gen. Holland M. Smith. The latter will be in command of marine training and replacement at San Diego. Calif., replacing Maj. Gen. F. B. Price, who goes on the retired list.

Gen. Geiger took command of all forces on Okinawa following the death this week of Lt. Gen. Simon Bolivar Buckner. Gen. Douglas MacArthur, on Tinian, named Gen. Joseph A. Stilwell, seconded by Buckner, commandant in charge of the tenth army.

American Soldiers Call German SS Troops 'Gang Of Murderers', On Return Home

BOSTON, June 23 (INS)—American soldiers captured in the Ardennes battle branded German SS troops "Gang Of Murderers" on their return home.

One of the men who returned from the battle, David Brown, 22 of Philadelphia, told of the brutal treatment by SS troops.

Explaining that they were forced to work on roads and were subjected to all manner of brutality, he said:

"When we started to march, some of the boys were hit and some were shot. I saw them shot from the back of the head."

Donald Sinarro, 23 of Philadelphia, who was captured with Brown, said that the SS troops were "brutal and cruel."
